

All coaches and team managers must register through the Seacoast United Maine risk management system prior to having their account assigned to a team.

Accessing Your Team Account In GotSoccer

GotSoccer is the player registration database for Soccer Maine. All players must be registered through this system in order to issue player pass cards for the current season. This GotSoccer system is separate from the player tuition system used by Seacoast United Maine and *will not* be used to track tuition payments. All inquiries regarding player tuition payments must be done through the Club by contacting Lenny Hurrell at lhurrell@seacoastunited.org.

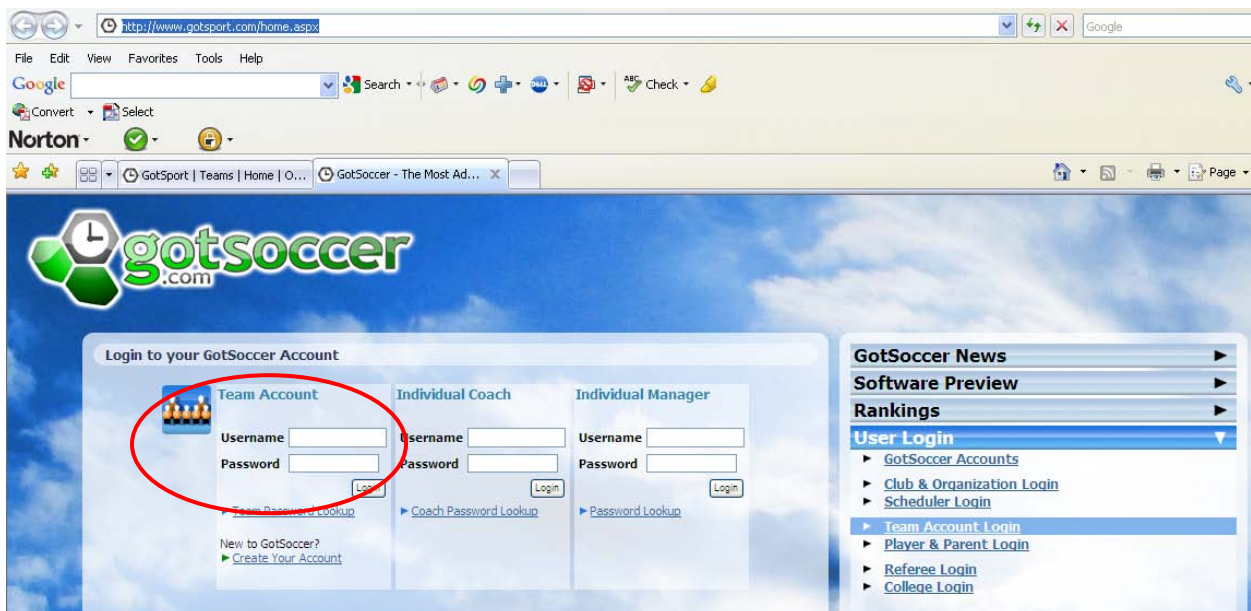

As Team Manager, you will have access to your team's account in GotSoccer. Each team has a unique login and password which must be obtained from Club Registrar Lenny Hurrell.

To log into your team account, please go to:

<http://www.gotsport.com>

Click on User Login -> Team Account Login

The login box will then be on the far left. See screenshot below.

Once logged into the team account, the default page will show:

The screenshot shows the GotSoccer website interface. At the top, there's a navigation bar with 'Home', 'Events', 'Game History', 'Email Team', 'College Search', 'Rewards', 'Help', and 'Log Out'. Below this is a sub-menu with 'Overview', 'Team Profile', 'Manager', 'Coach', 'Roster', and 'Account Assistance'. The main content area displays the team name 'Boys U11 U11 Boys Premier - Wirth' and 'GotSoccer TeamID # 360763'. There are several informational boxes: 'Get the most out of your account' with links for adding players and account merge; 'Event Applications: Accepted' and 'Event Applications: Pending' with counts; 'Your Club' listing 'Seacoast United Maine SC (ME)'; and a 'College Coaches' section with a table showing recruitment statistics and a list of colleges.

Past 24 Hours	Past 7 Days	90 Days	Total Coaches
48	195	1130	3245

College	State	Logins	Last Login
University of Vermont	VT	1575	8/24/2010
Lees - McRae College	NC	1305	8/24/2010
Alvernia University	PA	31448	8/24/2010

As you navigate through the menus at the top of the page, you will be able to view various details about the team such as the profile (includes name, uniform colors, etc), coach contact info, manager contact info, roster, and so on. Please do not change the information related to the team profile or coach. Coaches and team managers will be assigned to teams within the GotSoccer system prior to giving out access to the team login.

To view your team's roster, please click on the Roster menu.

The screenshot shows the 'Boys U11 U11 Boys Premier - Wirth - Team Roster' page. It features a 'View by Event:' dropdown menu and a 'Go' button. Below is a 'Full Team Player List' table with columns for Photo, L.Name, F.Name, ID#, Jrtsy#, Gender, DOB, State, Updated, and Last Reg. The table lists 12 players. At the bottom right, there is an 'Add Player' button.

Team rosters will display player profile pictures (if one has been uploaded to the player's account). If a jersey number has been assigned, those will be displayed here as well. (Birth dates have been blacked out for privacy purposes in this document.) Team Managers have access to upload player pass card photos.

To upload a player photo, click on the player's name. This will bring you to the player profile page.

The screenshot shows the GotSoccer.com interface. At the top, there's a navigation bar with 'Soccer > Teams'. Below that, a secondary navigation bar includes 'Home', 'Events', 'Game History', 'Email Team', 'College Search', 'Rewards', 'Help', and 'Log Out'. A third navigation bar shows 'Overview', 'Team Profile', 'Manager', 'Coach', 'Roster', and 'Account Assistance'. The main content area has tabs for 'Player Info', 'Parent Info', 'College Recruiting', 'Event Attendance', 'Account Info', and 'Emergency Info'. The 'Player Info' tab is selected, showing the profile for 'Player - Benjamin Adams'. The 'Player Information' section includes fields for Player ID #, Jersey #, Rating, Competition Level (Premier), Full Legal Name (Benjamin Adams), Gender (Male selected), Date of Birth (blacked out), State Registered (Maine), School District, Grad Year, and Primary Position. The 'Player Photo' section is circled in red and shows a placeholder '[NO PHOTO]' with an 'Upload' button. The 'Contact Information' section includes fields for Address, City, State (ME), Zip Code, Phone (207-...), and Mobile (207-...).

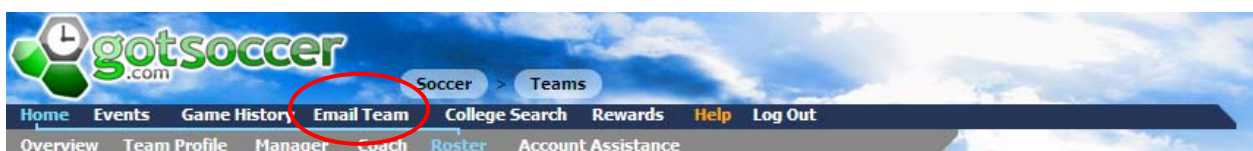

(Again, player specific info has been blacked out for privacy purposes.) Upload the player photo by clicking the "Upload" button.

Emailing Players on the Team Roster

All players on your team roster can be emailed at once through this system*. It is advised that you keep a distribution list locally on your own computer or smartphone in the event the GotSoccer system can not be accessed.

*Text messaging is also available, but a mobile number must be set up in each players account for this feature to work properly.

To email your team roster, click on the "Email Team" menu.

This will display the email page where you have the ability to email a player individually, or the entire team at once:

Tournament Registration

Most tournaments utilize the GotSoccer registration system for tournament registrations. You can use your GotSoccer team login/password to simplify the process instead of entering all contact information from scratch.

Team Account Information

Please do not share the team login with others. There is sensitive personal information (contact info & date of birth) under player profiles and we need to respect the privacy of the families playing in our Club.

In the event you forget your team login or password, please contact Club Registrar Lenny Hurrell at lhurrell@seacoastunited.org or by phone at 207-729-8444.
